## White Lotus

Warranty: See White Lotus' web site [www.whitelotus.net](http://www.whitelotus.net) for full warranty

**Foam core, green cotton Dreamton 6"** \$ 468 \$ 487 \$ 628 \$ 663 \$ 1,038

White Lotus hand crafts this mattress with a two inch Evergreen foam core, centered in green cotton, and wrapped in a layer of New Zealand virgin lambs wool. It has no added chemicals as fire retardants, nor requires a doctor's note, since the wool layer (which defines the mattress as "Dreamton") meets the fire retardant requirement.

It is included in Hardwood Artisan's Woodley Futon furniture, but also works well on any Hardwood Artisan bed frame.

**Boulder, green cotton Dreamton 6"** \$ 529 \$ 542 \$ 695 \$ 748 \$ 1,189

Boulder denotes an all-cotton mattress handcrafted with additional layers of cotton (about 15% more) compressed into the same 6" casing as the normal cotton mattress with about twice as many tufts, creating a much firmer feel. It also contains a layer of 100% virgin lambswool as the fire retardant so there are no added chemicals. They are recommended for use on a platform or slat support, but not for use on a bi- or tri- folding frame.

The organic cotton versions of either of the above can be gotten for you at extra cost.

**Lotus Latex matress 7"** \$ 1,158 \$ 1,158 \$ 1,587 \$ 1,731 \$ 2,371

The LOTUS mattress is made with a 6" Latex Talalay Core wrapped in 100% Virgin New Zealand Wool and is encased in a pure 100% organic cotton twill. Not to be folded.

Please note that White Lotus makes their king size mattresses 80" x 80". They recommend purchasing two long twins instead, which would be less expensive and easier to move.

Not all mattresses are equally suited for all bed styles; they can range from 6" to 13" thick. Please lie down on the mattresses before you make your choice; mattresses cannot be returned or exchanged (with the exception of the TempurPedic.) Choose one that feels good for you.

Your sales person can give you more information about any of the mattresses.

Our Craftsmen must know the thickness of mattress to be used with a *Sleigh Bed* or sloped headboard.

**SIS-brand:** a family-owned business in Minnesota, SIS makes all of our futon covers and sells us fabric by the yard. We can also get custom-made bed caps and duvet covers sewn from their extensive fabric selection. Find them on line at: [www.SIScovers.com](http://www.SIScovers.com)

## Fabric by the yard:

for fabrics 54" or 60" wide \$ 17 \$ 22 \$ 26 \$ 38 \$ 41  
Some fabrics come only in 108" or 110" widths. They are marked on the fabric tags, cost twice as much, and require (in most instances) half as much yardage. For a dining chair seat, which normally takes ¼ yard, obviously we cannot order ¼ yard and expect it to cover the seat. In that case we still need to order the ¾ yard, but at double the cost listed here.

Scotchguard: Our upholsterer will add Scotchguard to any order for \$12.50 per yard.

SIScovers guarantees all their products on workmanship and materials for life, but cannot be responsible for normal fabric wear, sun damage or damage caused by misuse.

# Woodley Futon Furniture

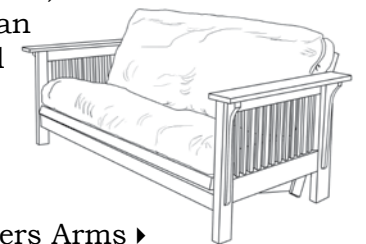

**All futons are not created equal.** The trend with regard to futons has been to get the price to the absolute lowest number. As a result, there are a lot of poorly made items being offered as futon "furniture." We are opposing this trend.

Our frames are built as real furniture: pegged mortise and tenon joints, real solid wood, and made by real craftsmen—locally. Compare ours to any others—you cannot buy a better frame.

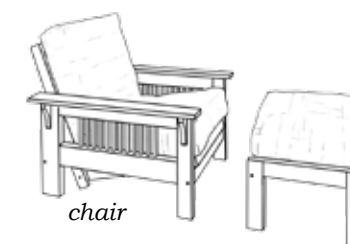

Our **White Lotus** futon mattresses are also a cut above the usual. Rather than just use plain cotton and foam, we use green cotton with a 2" core of an earth friendly & high quality foam, all sandwiched between layers of wool, which acts as a natural fire retardant and dust-mite repellent, for a comfortable, dry and healthy sleep.
