The Tester bed includes a 43" tall headboard, 89" tall tapered legs with finials, and a 12" clearance underneath. Deduct \$75 for no tester top. The entire bed dismantles for easy moving.

Built like the *Tester* except with shorter legs, our updated *Shaker* also measures 43" to the top of the headboard on a queen; it can take the new Euro and pillow top mattresses up to 13" thick. There is a 12" clearance under this bed.

Deemed "little sister to the *Shaker* bed", the elegant *Rhianna* has a 35½" tall headboard. Mattresses 11" thick (as drawn here) or less work well with this bed. The under-clearance is 10" unless getting a trundle, in which case it's 12" and the headboard would be 2" taller.
