

## Corner Computer Desks

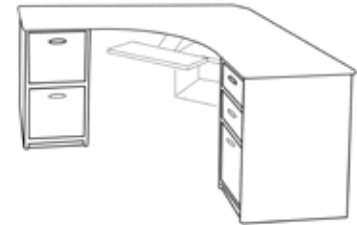

### Craftsman Corner Desk 70

3-piece top; two desk mates; bookcase in corner  
70" x 70" x 20" deep wings x 30"h

	With Wood Pegs	With Mission Drop Pulls
red oak, birch	\$ 5,655	\$ 5,785
maple, cherry, ¼-sawn white oak	5,950	6,090
walnut, mahogany, white oak stained dark	6,545	6,685

### Corner Desk 65

1-piece solid curved top  
65" x 65" x 20" x 30"h

	Contemporary Style (drawn)	Craftsman Style
	\$ 4,020	\$ 4,390
	4,255	4,620
	4,735	5,080

This versatile corner desk does not have to stay in the corner. One wing has a finished *client-side* with a modesty panel between identical backs of the file unit and the bookcase. (The bookcase supports the corner.) The other wing has a finished back on the file unit but no modesty panel between the file and the side of the bookcase. This *open-side* is asymmetrical. (Subtract \$200 for no finished back on *open-side* deskmate.) The above drawing shows the "*client side*" on the right; it may be reversed by request.

The **Craftsman-65** version would have square edges on the top and two **Craftsman** 3-drawer deskmates (instead of two-drawer files).

Both **Craftsman** and **Contemporary** versions of this smaller corner desk have a one-piece top.

This is a **mid-century modern** reception desk. Two deskmates on the executive side and two cabinets framing open bookcases on the client side, make this as practical as it is beautiful.

or ¼-sawn white oak stained dark

This handsome corner desk is available in our **Craftsman** and **Contemporary** styles of construction (drawn here) or our more **Classic** look. Two large lateral files fit in the **Contemporary** style but only one lateral file and two smaller drawers fit the **Craftsman** and **Classic** styles. The keyboard tray measures 9" x 24" and the back corner is supported by a bookcase in all models. The **Contemporary** and **Classic** versions have an extra pencil drawer in the skirt.

*These corner desks meet most needs. We can also create custom designs for a bit more.*

**Any of these desks may be reversed with regards to what is on which side.**
